General Product and Printing Information

Screen printing is not an exact science. Due to the fact that we are printing on fabric, there is a possibility of some print colour variance within a print run. We cannot guarantee dye lot consistency of fabrics. Reddish fabrics are not guaranteed colourfast. White prints on red fabric are not guaranteed against absorbing red dyes. 100% cotton and natural canvas products are not recommended for washing due to shrinkage and colourfast consistency. Please read and follow Care Instructions on each product. Do not dry clean screen printed products.

Ink Colour Matching: No charge for PMS colour matching. However, as we are printing on fabric, exact colour matching is not guaranteed.

Virtual / Paper Proofs: The first proof is included at No Charge with all orders. Additional proofs will be at a cost of \$25.00. Additional art room charges, major art modifications or creative design will be invoiced at \$50.00 per hour.

Art Charges: All artwork must be supplied in a vector format for either CorelDRAW X3 or lower or Adobe Illustrator CS4 or lower. All other artwork may be subject to an art charge if our Art Department is required to fix or adapt your supplied artwork. Please note: film charges may apply to complex orders.

Over/Under: All efforts are made to ship exact quantities. However, we reserve the right to ship over/under by 5% and will bill accordingly.

Sizing: All product sizes listed in this price list and our catalogue are approximate and may vary slightly.
